

EH-VS TRICK TRACK

TRICK TRACK is an efficient, flexible, and versatile linear light system providing lighting solutions for various applications of industrial, commercial, office, etc. It provides many lighting options with various luminaire elements, optics, and functional modules to meet different lighting requirements. It saves time and cost due to its extremely easy and tool-less installation and maintenance smart design. The system features a linear mounting strip that allows the connection of multiple spotlights, offering a choice from a variety of types and optics.

Technical specifications:

Quick connectors

Phase selector

Track Rail: Can be suspended with cables or chains multiple track rails can be connected, up to approximately 60 units.

Body: Optional opal cover

LEDs: Philips / Osram or equivalent

Driver: VS or equivalent

Body Colour: ○

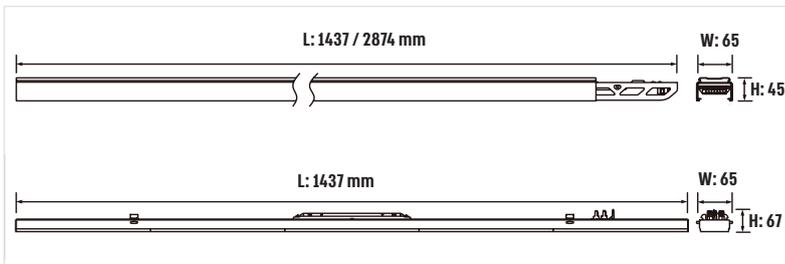

Power: 90W / 110W / 130W

Beam angle: 30°, 60°, 90°, 120° Double Asymmetric,

Asymmetric L or R 30-110° Ingress Protection Rating: IP54

CCT: 4000K

CRI: 90

Power (W)	CCT	Length*Width*Height (mm)	Luminaire's Lumen Output (lm)	Max Connected
90	4000K	1437*65*45	1980lm	60
90	4000K	1437*65*45	3960lm	33
130	4000K	1437*65*45	5500lm	20

* Data shown is for a few of the available models. The luminaires are available in different colour temperatures, optics, lumen outputs and power. ** Tolerance: +-10%.
